

Staff Nurse RN – Oncology Infusion – Weekdays (Full Time)

Queens Medical Associates – **The Center for Cancer and Blood Disorder** – *“Caring Is In Our DNA”*

Queens Medical Associates, P.C. (QMA), a well-established out-patient cancer care facility specializing in the care of patients with Hematology and Oncology diseases. We are currently the largest stand-alone Hematology and Oncology group practice in the borough of Queens. Our physicians and clinical staff bring decades of experience to our patients providing exceptional care and wellness.

JOB DESCRIPTION

Our team of Registered Nurses works with a multidisciplinary team of professionals dedicated to addressing individual patient needs and optimizing patient outcome. The successful candidate will be responsible for providing appropriate interventions, patient and family education, telephone triage, discharge instructions, and coordination of interdisciplinary services for each patient visit.

DESIRED SKILLS AND EXPERIENCE

To qualify, you must have an Associate Nursing Degree, current NYS RN license, BLS certification, and at least 2 years of oncology nursing experience (willing to train experienced RN), and preferably bilingual Spanish.

The following skills are highly desirable:

- Strong IV skills
- Excellent interpersonal skills and basic computer skills
- Ability to work in demanding, fast-paced work environment

Interested candidates may send cover letter and resumes to jobs@queensmedical.com

ABOUT OUR COMPANY

Queens Medical Associates has made cancer care accessible in the various communities of Queens (Fresh Meadows, Rego Park, Flushing and Jackson Heights). The group practice administers chemotherapy and non-chemotherapy treatments in a safe, comfortable, and highly professional environment.

We focus on treating our patients and their families with exceptional care and dignities providing the personalized and individualized attention that people with a serious disease require and deserve. Our licensed, certified professionals provide timely education to patients, families, and caregivers to facilitate understanding and support informed decision making.

At QMA, we pride ourselves on being at the forefront of new development in medicine. In 2004, we adopted an electronic medical records (EMR) system for our office. The EMR allows us to keep accurate records for our patients including their treatment and tests. Today, QMA is a key participant in advancing cancer treatment. QMA has been selected to participate in a number of clinical trials and newly released leading edge medications to prolong the quality and length of life. Our health care delivery model is organized around languages – providing personalized touch via telephone lines, front office assistance and throughout patient care delivery.
